

DR. BAHMAN GUYURON

Zeeba Clinic

29017 Cedar Road, Lyndhurst, Ohio 44124
440-461-7999, drbahmanguyuron.com

SPECIALTIES: Plastic surgery (face and nose) and migraine surgery **LOCATIONS:** Lyndhurst **TECHNOLOGY:** Dr. Guyuron's office is equipped with state-of-the-art technology including lasers and radio frequency devices. This allows his team to offer non-surgical, minimally invasive as well as surgical options to provide his patients with choices to achieve their intended goals.

EDUCATION: Tehran University Medical School; General Surgery at Boston University; Plastic Surgery Training at the Cleveland Clinic; Facial Training at Toronto University **AFFILIATIONS:** Emeritus Professor, Case Western Reserve University **MOST**

GRATIFYING PART OF HIS WORK: Seeing patients' quality of life improved whether related to the relief of migraine headaches or elimination of facial flaws that result in improved image and self-confidence is most gratifying. **PHILOSOPHY:** Because of the scholarly and academic nature of the practice, Dr. Guyuron is at the forefront of any new developments and has been pioneering new techniques for 40 years. Dr. Guyuron has been sharing his knowledge internationally for decades through in-person presentations and virtually since COVID began. **MISSION**

STATEMENT: No matter how rich a life is in every other regard, when the quality of life is marred by pain or poor self-image, that person's life is not going to be enjoyable. Dr. Guyuron strives to bring joy and satisfaction to his patients' lives. His patient care team is eager to ensure patients are cared for in a positive environment throughout their treatment course. It is fulfilling for Dr. Guyuron to see that his colleagues have voted for him as one of the top two plastic surgeons in rhinoplasty in the nation as this is the most challenging plastic surgery procedure. Dr. Guyuron's mission is to give every patient the greatest quality of care and achieve the best results possible.
